

DB 053-14546

Mgr- Reporting Analyst - Seattle, WA

Telecommunications provider seeks a Manager, Reporting & Analysis, to develop and maintain marketing, financial, and sales reports. This position requires complex data knowledge and high-end programming skills which will be used in managing various functions of the business. Specifically this would cover the following areas:

- Development and maintenance of metrics reporting that recurs on a timely basis. This includes compensation systems support, churn reporting, feature reporting, and channel reporting
- Development of ad hoc reporting and analysis requests. Some examples include strategic market sizing activities (Wi-Fi, Push-to-Talk, etc), call detail record analysis, legal/regulatory reporting requests
- Provide recommendations and iterative analysis on-demand

Requirements:

- Master's degree in Applied Mathematics, Statistics, Management Information Systems or related quantitative field
- Minimum 5 years analytical experience in a corporate environment
- Minimum 7 years experience with SAS, SQL, and Microsoft Office
- Strong communication and writing skills

Salary: to \$90K
