

SYSTEMS SEMINAR CONSULTANTS, INC.

Senior Level Risk Analyst/Manager Positions Available

About Systems Seminar Consultants

Systems Seminar Consultants specializes in top-notch IT training, placement, and consulting services for a wide range of industries. We are a SAS Alliance Affiliate Member and a Cognos Silver Consulting Partner. We work with the top firms in their industry to help them find the best talent available for full-time positions. Currently we are working with several Fortune 500 financial organizations to help place well-qualified candidates in prestigious, well-salaried roles in environments which enable success and professional growth.

Job Responsibilities

Typical job responsibilities include conducting complex projects and developing statistical models, including designing, data collection, analysis, summarizing findings, making recommendations and presenting results.

Job Requirements

1. College degree in Mathematics, Business, Economics, IS or the like. Advanced degrees highly preferred.
2. *At least* three years of analytical experience.
3. Proficient programming skills in tools such as SAS, SQL, SPSS, etc.
4. Well-developed communication skills.
5. The ability to work effectively with a wide range of individuals.
6. Results- and leadership-driven work style.
7. Strong problem-solving skills.
